

initServos

```
graph LR; A[initServos] --> B[initServo]; B --> C[calculate_angle_pulseUs];
```

A flowchart illustrating a sequence of three functions. The first function, 'initServos', is highlighted with a gray background. A blue arrow points from 'initServos' to the second function, 'initServo'. Another blue arrow points from 'initServo' to the third function, 'calculate\_angle\_pulseUs'.
